Explanations:

1. Possible Pairs:

S	T
S	T

J	U	S	T	M	E
J	I	H	G	F	E

Hence, option C is correct.

2. Logic: Second letter is the reverse of first letter or vice-versa. Third letter is the third succeeding letter of second letter.

FUX – U is the reverse letter of F and X is the third next letter of U.

PKN – K is the reverse letter of P and N is the third next letter of K.

HSV – S is the reverse letter of H and V is third next to S.

MNP – N is the reverse letter of M, but P is not the third next letter of N. Thus this is the odd one out.

RIL – I is the reverse letter of R and L is the third next letter of I.

Hence option D is correct.

3. The logic behind such coding is described as follows.

The logic works upon two variables: First one is consonant and second is vowel.

All the consonants of the word are changed to their second next letter as per English alphabet series.

All the vowels of the letters do not change their form but are arranged as per reverse alphabetical order (within vowel position) from left to right.

Within vowel position refers to the reverse alphabetical order of vowels is applied to only those places of the word where vowels exist and not on the whole word.

For example: RANDOM, here R,N,D and M are consonants so they will become T,P,F and O respectively and will remain at their same position.

But vowels are A and O, these will be rearranged as per reverse alphabetical order where 'O' comes before 'A'.

So, RANDOM will become – TOPFAO

Applying the same logic we get PLEASE converted into RNEEUA.

So, by the same logic ORANGE will become OTEPIA.

Hence option B is correct.

4. The 2nd, 4th, 5th and 9th letters in the given word are E, U, C and N respectively but no meaningful word can be formed using the letters.

Option D is hence the correct answer.

5. Possible Pairs only in forward direction:

E	A	C	H
E	F	G	H

Clearly, only one such pair is there.

Hence, option B is correct.

6. 3rd, 4th, 5th, 6th and 7th letters of COMPARISON are M,P,A,R and I.

The meaningful English word formed so is PRIMA which means first.

The third letter of it is I.

Hence option C is correct.

- 7.

Meaningful word ⇒ B E A C H

↓
Fourth
Letter

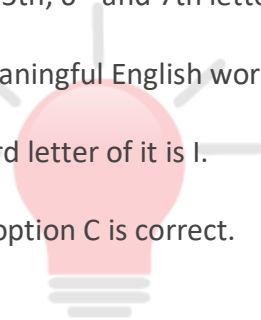

Hence, option B is correct.

8. Second, fifth, sixth and ninth letters of the word PREMATURE are R,A,T and E.

Meaningful English words are RATE, TEAR and TARE.

Thus more than one word is formed, thus answer should be Y .

Hence option E is correct.

9. Given word: CHEVROLET

New word: EJGEILNGG

Thus fifth letter from left end is 'I'.

Hence option C is correct.

10. Given word : CONSIDERATION

Changed Word : DOMRIEEQASIOM

Third, Fourth, Sixth, Ninth and Tenth letters are M,R,E,A and S.

Meaningful english (singular) word formed is SMEAR, which means to put false allegations on someone to damage his/her reputation.

Exactly middle letter is 'E'.

Hence option D is correct.
