The Question Bank

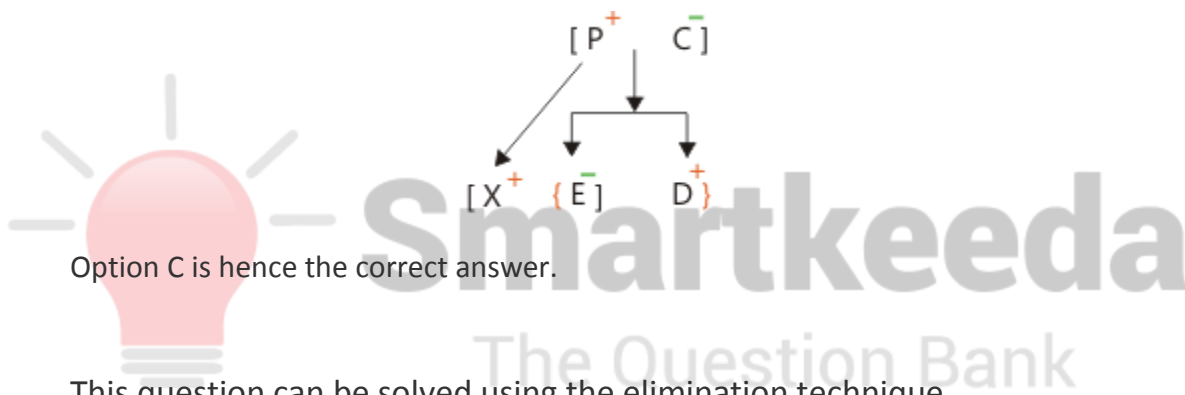

Correct Answers:

1	2	3	4	5	6	7	8	9	10
C	D	D	B	D	B	D	C	A	D

Explanations:

1. This question can be solved using the elimination technique.

Out of the given options, only option C fits the blanks appropriately as we can observe from the Blood Relation tree given below.

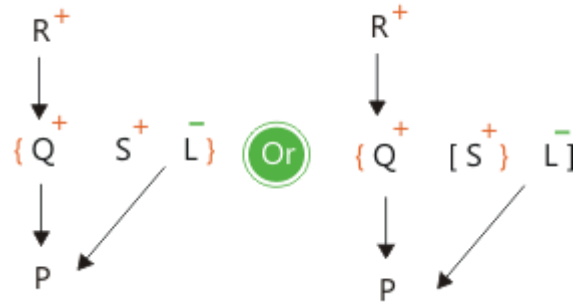

2. This question can be solved using the elimination technique.

Out of the given options, only option D fits the blanks appropriately as we can observe from the Blood Relation tree given below.

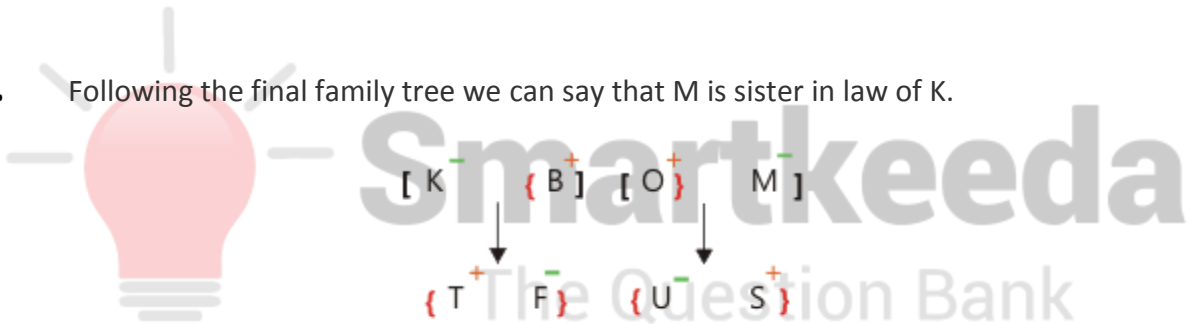

3. This question can be solved using the elimination technique.

Out of the given options, we can define the given relationship using either option A or option C. And we can observe this from the following diagrams.

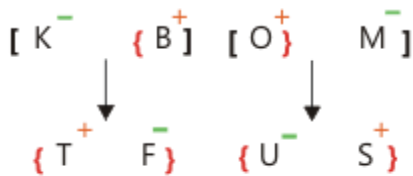

Option D is hence the correct answer.

4. Following the final family tree we can say that M is sister in law of K.

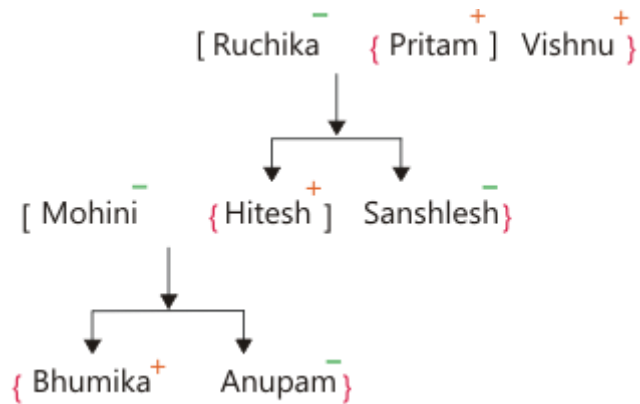

Hence, the correct answer is option B.

5. Following the final seating arrangement we can say that T is cousin of S.

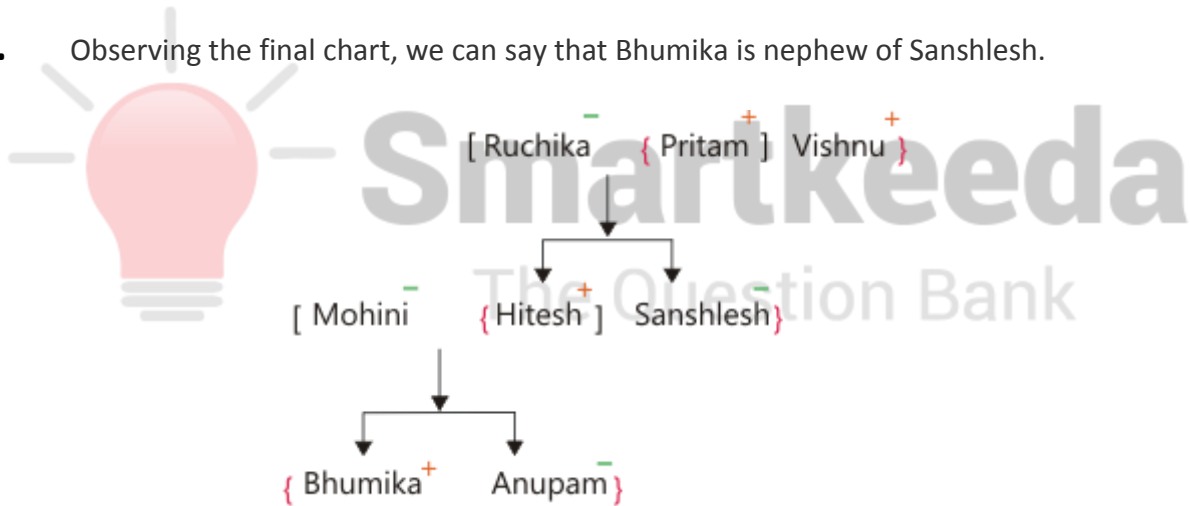

Hence, the correct answer is option D.

6. Observing the final chart, we can say that Pritam is father of Hitesh.

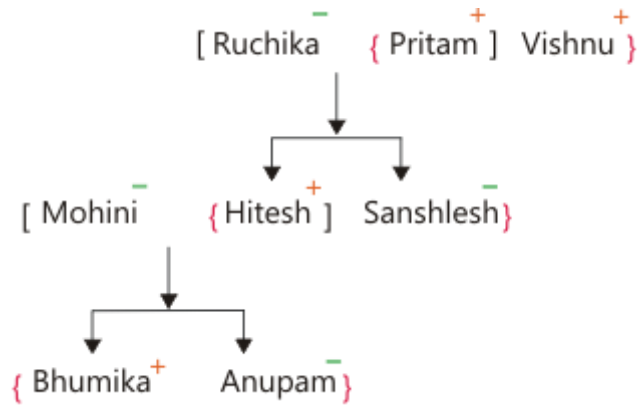

Hence, the correct answer is option B.

7. Observing the final chart, we can say that Bhumika is nephew of Sanshlesh.

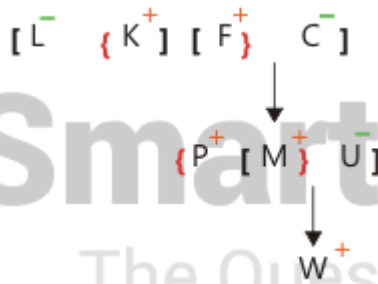

Hence, the correct answer is option D.

8. Observing the final chart, we can say that Mohini is mother of Anupam.

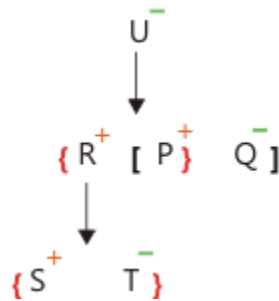

Hence, the correct answer is option C.

9. Following the final blood relation image, we can say that L is aunt of M.

Hence, the correct answer is option A.

10. Following the family tree, we can see that there are three female members (U, Q and T) in the family.

Option D is hence the correct answer.
