**Correct Answers:**

1	2	3	4	5	6	7	8	9	10
B	A	C	B	B	A	A	D	A	C

**Explanations:**

1. As, Machine is made up of parts, Software is made up of programs.

Option B, is hence the correct answer.

2. The pair of synonyms is given here.

As Increment is a synonym of hike, similarly step forward is a synonym of Volunteer.

Option A, is hence the correct answer.

3. Except option C , in all the other options, second and third letters are the immediate sub-sequent and antecedent (respectively) of the first letter.

Hence, option (C) is correct.

4. Interview (4) → Verification (3) → Job (5) → Training (1) → Salary (2)

Hence, option (B) is correct.

5.  $\begin{matrix} A & B & C & D & E & F & G & H & I & J & K & L & M \\ Z & Y & X & W & V & U & T & S & R & Q & P & O & N \end{matrix}$

Hence, option (B) is correct.

6. The one who is in the photograph, is the only son of his mother and is also brother of Lucky's mother therefore, he is Lucky's maternal uncle

Hence, option (A) is correct.

7. Rama is a clerk (A) + All clerks are honest (A) = A + A = A = Rama is honest.

Hence conclusion II follows but I does not follow

Therefore, option (A) is correct.

- 8.

Distance between home and office  $\Rightarrow 10 - (5 + 2)$  km

$\Rightarrow 10 - 7 \Rightarrow 3$  km

Now, he is 3 km in South direction from his house.

Hence, option (D) is correct.

- 9.

C is sitting opposite to N.

Hence, option (A) is correct.

**10.** Total students + 1 = Rank from top + rank from bottom

$$\Rightarrow T + 1 = 35 + 5$$

$$T = 35 + 5 - 1 = 40 - 1 \Rightarrow 39$$

Hence, option (C) is correct.
