Correct Answers:

1	2	3	4	5	6	7	8	9	10
B	C	D	D	C	D	B	A	D	B

Explanations:

1. Foal is the young one of a horse or of related to animal.

Lamb is young one of the a sheep.

Leveret is the young one of a hare.

Hen is a female bird especially of a fowl.

Hence, option B is correct.

2. Except third option, in all other options the difference between the letters are same.

1st option: $O - (-2) \rightarrow M - (+4) \rightarrow Q$

2nd option: $H - (-2) \rightarrow F - (+4) \rightarrow J$

4th option: $T - (-2) \rightarrow R - (+4) \rightarrow V$

But,

3rd option: $T - (-4) \rightarrow P - (+2) \rightarrow R$

Hence, option C is correct.

3. Clearly, 'soap' is used for washing the clothes . But a 'soap' is called 'ink'. So, 'ink' is used for washing the clothes.

Hence, option D is correct.

4. **Development** $\xrightarrow{\text{Similarly}}$ **Evaluation**
Tnemdevelop $\xrightarrow{\text{Similarly}}$ **Noitevalua**

Hence, option D is correct.

5. All bushes are plants + Some plants are trees = A + I = No conclusion.

Hence, neither conclusion I nor conclusion II follows.

However, since they make a complementary pair I-O,

therefore, either conclusion I or conclusion II follows.

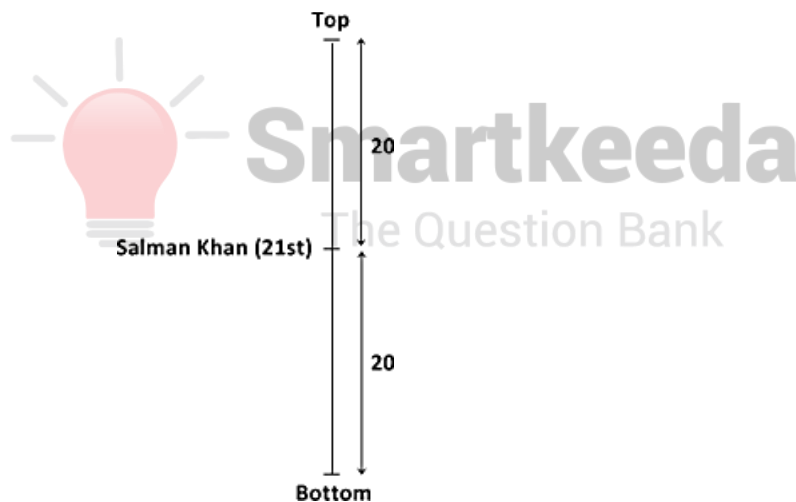

Hence, option C is correct.

6. When it is hot, fan circulates air to keep us cool.

Similarly, we eat food to satiate our hunger.

Hence, option D is correct.

7. As seen in the figure, Salman Khan's position is 21st from the both end.

Therefore, total number of students = $20 + \text{Salman Khan} + 20 = 41$

Hence, option B is correct.

8. Anup's daughter's mother — Anup's wife; Anup's wife's father — Anup's father-in-law;
Father-in-law's son — Anup's brother-in-law.

So, Sandeep is Anup's brother-in-law.

Hence, the option A is correct.

9.

Clearly, Kunal moves from A 10 km north-wards up to B, then moves 6 km southwards up to C, turns towards East and walks 3 km up to D. Then, $AC = (AB - BC) = (10 - 6) = 4$ km. So, Kunal's distance from the starting point A.

$$AD = \sqrt{(AC^2 + CD^2)} = \sqrt{4^2 + 3^2} = 5 \text{ km.}$$

Also, D is to the North-east of A.

Hence, option D is correct.

10. X air-conditioner has the largest range. But this does not mean that it is the only brand to have a wide range. So I is not implicit. But II is. If air conditioners are being advertised, a demand for them must be existing.

Hence, option (B) is correct.
