Hence the correct answer is option D.

**2.** Following the common explanation, we can say that the code 'cal' stands for 'Several' in the given code language.

Hence, the correct answer is option E.

**3.** For the given phrase, we need code for 'present' and from 'Are present' we know that the code for 'present' is either 'del' or 'vuc'. Code of 'Park' and 'There' are known. In the phrase 'all' is a new word and therefore a new code must be there in the code phrase.
