## Cloze Test Questions for RBI Asst. Pre Exams.

### Ex 98

**Directions:** In the following passage, some of the words have been left out, each of which is indicated by a letter. Find the suitable word from the options given against each letter and fill up the blanks with appropriate words to make the paragraph meaningful.

A team of international gravitational wave astronomers has detected the most massive and most distant black hole \_\_\_\_\_ (A) recorded till date. This is the first time that a collision leading to the formation of a black hole, which is 142 times heavier than the Sun, has been \_\_\_\_\_ (B) by collaborators of Laser Interferometer Gravitational wave Observatory (LIGO) and VIRGO interferometer, located in Italy. India is building the third of the LIGO observatories at Hingoli in Maharashtra.

A gravitational wave signal lasting 0.1 second emanated when black holes weighing 85 times and 66 times of solar mass, respectively, collided in a binary system. This newly- \_\_\_\_\_ (C) black hole, GW190521, then sent out a gravitational wave which travelled a distance of 17.2 billion light years, and was \_\_\_\_\_ (D) by detectors LIGO and VIRGO on May 21, 2019. This is the most distant gravitational wave signal \_\_\_\_\_ (E) so far by the gravitational wave detectors.

### Explanation:

1. **Option A** “reticent” means ‘not revealing one's thoughts or feelings readily’ and can be ruled out as it makes the sentence incoherent.

**Option B** “subtle” means ‘capable of making fine distinctions’ and can be eliminated as it is not related to the context of the passage.

**Option D** “divulge” means ‘to make known (private or sensitive information)’ and its usage makes the sentence grammatically incorrect.

**Option C** “collision” means ‘an instance of one moving object or person striking violently against another’ and it aptly fits the context and makes the sentence a meaningful one.

Hence, option C is correct.

2. **Options A and C** “rendered” and “portrayed” mean ‘to represent or depict artistically’ and can be eliminated as they have no relation with respect to the context.

**Option D** can be ruled out as “interpreted” means ‘to explain the meaning of (information or actions)’ and is vague in the context of the sentence.

**Option B** “discovered” means ‘to find unexpectedly or during a search’ and is apt as it fits in the blank perfectly as it was the demand of the context.

Hence, option B is correct.

3. **Option A** “sassy” means ‘lively, bold, and full of spirit; cheeky’ can be eliminated as its usage renders the sentence incoherent.

**Option B** “fickle” means ‘changing frequently, especially as regards one's loyalties or affections’ and can be eliminated as it makes the sentence grammatically incorrect.

**Option C** “deluded” means ‘believing something that is not true’ and can be eliminated as it does not lend any meaning to the sentence and is contextual misfit.

**Option D** “formed” means ‘to gradually appear or develop’ and here it aptly shows that the collision is something new to astronomers.

Hence, option D is correct.

4. **Option A** “detected” means ‘to discover or identify the presence or existence of’ and conforms itself to the context of the passage.

**Option B** “decrepit” means ‘worn out or ruined because of age or neglect’ and can be eliminated as it is contradictory to the meaning expressed in the passage.

**Options C and D** “dejected” and “despondent” mean ‘sad and depressed; dispirited’ and are completely out of context.

Hence, option A is correct.

5. The sentence hints it as the blank should have a verb.

**Option C** “observed” means ‘to notice or perceive (something) and register it as being significant’ and aptly fits the context and makes the sentence a meaningful one.

**Options A and D** “ostentatious” and “pretentious” mean ‘characterized by pretentious or showy display; designed to impress’ and can be ruled out as make the sentence logically incorrect.

**Option B** “feasible” means ‘possible to do easily or conveniently’ and can be eliminated as it is nowhere related to the context of the passage.

Hence, option C is correct.
