2.

Hints to Remember

Who: Odisha Government

What: Approves Rs. 466 Crore For 'Khushi' Scheme To Provide Free Sanitary Pads

When: published on 26th February 2019

'I don't like the concept of 'periods', it tends to stay for 6-7 days and since I can't afford a sanitary pad, I have to sit at home all day long and miss school," says a 14-year-old Nivedita Mohapatra from Cuttack district of Odisha. Nivedita is not alone, menstruation keeps thousands of young girls out of school in India. In Odisha alone, as per the latest National Family Health Survey (NFHS) data, 53 per cent women use unhygienic methods and around 69 per cent women use cloth.

To bring about a change, Odisha Government launched the 'Khushi' scheme last year ahead of International Women's Day, with an aim to provide free sanitary pads to government and non-government-aided schools across the state and benefit approximately 17 lakh girls. Now, a fund of Rs. 466 crore has been approved for Khushi scheme by Chief Minister Naveen Patnaik.

3.

Hints to Remember

Who: Union minister Sadhvi Niranjan Jyoti

What: inaugurates 18th Mega Food Park in Tripura

When: published on 20th February 2019

Union Minister of State for Food Processing Industries Sadhvi Niranjan Jyoti Wednesday inaugurated the 18th Food Park of the country at Tulakona village of West Tripura and said the central government aims to set up 22 food parks in India.

Launching an attack on erstwhile CPI (M) led Left Front government, the Union Minister said the Left government did nothing to develop industries in Tripura in their 25-year-old rule. She also said that the food park inaugurated today would provide good infrastructural facilities for food processing and allied industries along with the value chain from farm-based market and processing centres.

Hints to Remember

Who: World's Largest Bee

What: Spotted For The First Time Since 1981

When: published on 22nd February 2019

A team of researchers spotted the world's giant bee which is as big as a human thumb, in Indonesia for the first time since 1981, the media reported.

The team — natural history photographer Clay Bolt, entomologist Eli Wyman, behavioural ecologist Simon Robson and ornithologist Glenn Chilton — made the stunning “rediscovery” of the elusive critter and took the first photos and video of a living Wallace's giant bee on January 25, CNN reported.

The team has spent years studying the bee and slogged around in humid Indonesia forests for days before stumbling upon one.
