Explanation:

1. For the blank given, 'made in India and where imports from China have been increasing' holds the context and ask to use "initial" and "main" as both means 'existing or occurring at the beginning' and 'chief in size or importance' respectively, which makes both a perfect choice to be use in the blank.

Tensed in the place of blank fails to make a meaningful sentence, hence it gets eliminated.

This eliminates all other options.

Meanings of the given words:

Initial (Adjective): existing or occurring at the beginning.

Main (Adjective): chief in size or importance.

Tensed (Verb): to become tense, typically through anxiety or nervousness.

So, the correct option is D.

2. For the blank given, 'The key to this is a bacterium' and 'naturally in some species of insects' before and after the blank respectively, are enough to suggest the use of "occurs" as it means 'to exist or be found to be present in a place or under a particular set of conditions'.

'Presents' would have been correct, had it been used in its adjective form; present.

Come couldn't fit here because of its nature (plural form) as it wasn't the demand of the context.

This eliminates all other options.

Meanings of the given words:

Come (Verb): to move or travel towards or into a place thought of as near or familiar to the speaker.

Occur (Verb): to exist or be found to be present in a place or under a particular set of conditions.

Present (Adjective): existing or occurring in a place or thing.

So, the correct option is B.

3. For the blank given, 'routine dengue control' holds the context and makes the use of "measures" perfect to the context as it means 'a plan or course of action taken to achieve a particular purpose' and it can complete the sentence. The usage of "problem" or "tradition" will make the sentence absurd.

Meanings of the given words:

Measure (Noun): a plan or course of action taken to achieve a particular purpose.

Problem (Noun): a thing that is difficult to achieve.

Tradition (Noun): the transmission of customs or beliefs from generation to generation, or the fact of being passed on in this way.

So, the correct option is A.

4. For the blank given, it can be understood that 'Tens of' holds the context. The word "thousands", which means 'the number equivalent to the product of a hundred and ten; 1,000', fits here by all means as 'Tens of' demands a plural number and 'million' and 'hundred' are singular, hence get eliminated.

Meanings of the given words:

Thousands (Number): the number equivalent to the product of a hundred and ten; 1,000.

Million (Number): the number equivalent to the product of a thousand and a thousand; 1,000,000 or 10^6 .

Hundred (Number): the number equivalent to the product of ten and ten; ten more than ninety; 100.

So, the correct option is A.

5. For the blank given, 'where exit is possible after two semesters, four semesters and six semesters' just after the blank is enough to suggest the use of "modular" and "flexible" both as they mean 'relating to an educational course designed as a series of independent units of study that can be combined in a number of ways' and 'able to be easily modified to respond to altered circumstances' respectively, as the sentence also demands it.

Rigorous couldn't fit here because of its nature (meaning) as it wasn't the demand of the context.

This eliminates all other options.

Meanings of the given words:

Rigorous (Adjective): extremely thorough and careful.

Modular (Adjective): relating to an educational course designed as a series of independent units of study that can be combined in a number of ways.

Flexible (Adjective): able to be easily modified to respond to altered circumstances.

So, the correct option is D.

6. The blank requires an adjective as 'While art lovers were shocked after the incident' holds the context. "Valuable" means 'worth a great deal of money' and thus, fits the blank well and makes it logically valid also. "Worthless" or "futile" and 'While art lovers were shocked after the incident' do not make a logical sentence.

This eliminates all other options.

Meanings of the given words:

Valuable (Adjective): worth a great deal of money.

Worthless (Adjective): having no real value or use.

Futile (Adjective): incapable of producing any useful result; pointless.

So, the correct option is A.

7. The sentence mentions that 'painting, which was completed in 1885, is' holds the context. Thus the blank should provide a verb (either in continuous or third form), which suggests that "considered" to be perfect for the blank given as it means 'to have a similar appearance to or qualities in common with (someone or something); look or seem like'.

This eliminates all other options.

Meanings of the given words:

Unique (Adjective): being the only one of its kind; unlike anything else.

Considered (Verb): to believe to be; think.

Resemble (Verb): to have a similar appearance to or qualities in common with (someone or something); look or seem like.

So, the correct option is B.

8. Going with the requirement of the context, "times" fits perfectly as it means 'an instance of something happening or being done; an occasion' and completes the sentence as 'painting has been attacked multiple' is used in the sentence which forces us to use only plural noun.

This eliminates all other options.

Meanings of the given words:

Instance (Noun): an example or single occurrence of something.

Occasion (Noun): a particular event, or the time at which it takes place.

Time (Noun): an instance of something happening or being done; an occasion.

So, the correct option is C.

9. For the blank given, 'there have been calls for the' holds the context of the sentence as it suggests the word "boycott", a perfect word to be fitted into the sentence by all means as it means 'a punitive ban on relations with other bodies, cooperation with a policy, or the handling of goods'.

The usage article 'the' just before the blank rules out the possibility of "boycotting" and "accepting" words as they both are verb, and we need a noun here.

This eliminates all other options.

Meanings of the given words:

Boycott (Noun): a punitive ban on relations with other bodies, cooperation with a policy, or the handling of goods.

Boycotting (Verb): to refuse to buy or handle (goods) as a punishment or protest.

Accepting (Verb): to consent to receive or undertake (something offered).

So, the correct option is A.

10. For the blank given, it can be understood that 'progress card to the' holds the context. The word "student", which means 'a person who is studying at a university or other place of higher education', fits here by all means as no progress cards are given to either 'builder' or 'politician' in general.

This eliminates all other options.

Meanings of the given words:

Student (Noun): a person who is studying at a university or other place of higher education.

Builder (Noun): a person who constructs something by putting parts or material together.

Politician (Noun): a person who is professionally involved in politics, especially as a holder of an elected office.

So, the correct option is A.
