Correct answers:

1	2	3	4	5	6	7	8	9	10
A	E	B	D	D	E	D	A	B	A

Explanations:

- (1). The error is in fragment A. The subject 'areas' is plural and should be used with a plural verb.

The verb form 'include' should be used instead of 'includes' in order to make the sentence correct.

The correct sentence would therefore be:

Areas of agreement include efforts to combat increased militant activity in the region, after deadly suicide bomb blasts in Sri Lanka in April.

Hence, option A is the correct answer.

- (2). The sentence is absolutely correct and thus has no error in it.

Hence, option E is the correct answer.

- (3). The fragment B of the sentence is erroneous. The expression 'cut out' does not make any sense here.

The correct phrasal verb to be used here is 'cut off' which means 'to make a place difficult or impossible to enter, leave, or communicate with.'

The correct sentence would be:

Fifty-three people have been evacuated from their homes, **five roads remain cut off** and the civil protection authorities have advised people not to enter the area unless absolutely necessary.

Hence option B the correct answer.

- (4). The error is in fragment D. The word 'employees' should be used instead of 'employers' to make the sentence meaningfully correct.

'Employer' means 'a person or organization that employs people' whereas 'employee' means 'member of staff'

The correct sentence would therefore be:

The airline owes Rs 8,500 crore to banks and around Rs 25,000 crore in arrears to **vendors, lessors and employees.**

Hence, option D is the correct answer.

- (5). The fragment D of the sentence is erroneous. The expression 'carry over' which means 'extend beyond the original area of application' does not make any sense here.

The correct phrasal verb to be used here is 'carry out' which means 'to do something that you have said you will do or that you have been told to do.'

The correct sentence would therefore be:

Financial markets fell across Asia on Friday amid growing fears that the talks will fail to break the logjam and see the US president **carry out his threat** of additional tariffs on Chinese goods.

Hence option D the correct answer.

- (6). The sentence is absolutely correct and thus has no error in it.

Hence, option E is the correct answer.

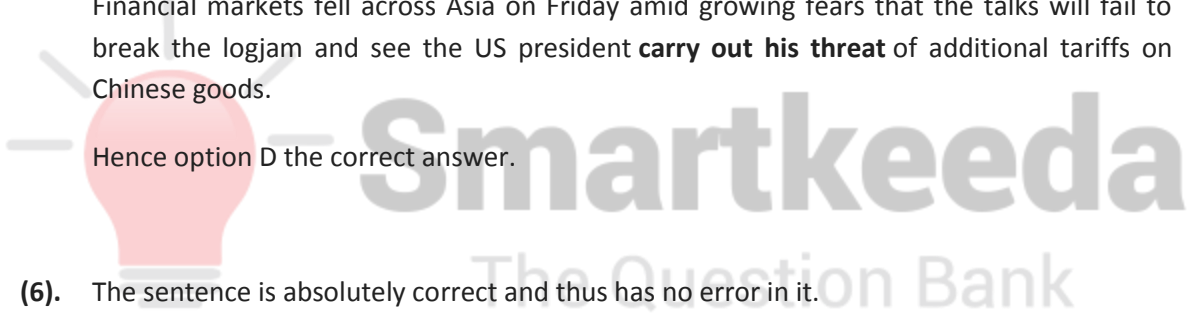

- (7). The error is in fragment D. The word 'imminent' which means 'about to happen' is incorrect in this context.

The correct word to be used in this context is 'eminent' which means 'present to a notable degree', referring to a positive quality.

The correct sentence would therefore be:

The report's suggestion to base credit decisions on cash flow rather than collateral makes **eminent sense.**

Hence, option D is the correct answer.

- (8). The error is in fragment A. The subject 'areas' is plural and should be used with a plural verb.

The verb form 'include' should be used instead of 'includes' in order to make the sentence correct.

The correct sentence would therefore be:

Areas of agreement include efforts to combat increased militant activity in the region, after deadly suicide bomb blasts in Sri Lanka in April.

Hence, option A is the correct answer.

- (9). The fragment B of the sentence is erroneous. The correct preposition is 'in spite of' which means 'despite'.

Hence, 'in spite of' must be used instead of 'in spite' in order to make the sentence correct.

The correct sentence would therefore be:

The state of India's health continues to remain poor **in spite of gains** made in life expectancy and maternal and child mortality.

Hence, option B is the correct answer.

- (10). The fragment A of the sentence is erroneous as the definite article 'The' must be used before the superlative adverb 'most'.

The correct sentence would therefore be:

Probably **the most shocking thing** about this story was that Evelyn still considered moving in.

Hence, option A is the correct answer.
