**2. Hints to Remember**

**Who:** Patiala

**What:** to host Indian Grand Prix 4 on June 21

**When:** published on 10<sup>th</sup> June 2021

Star sprinters Hima Das and Dutee Chand will get one more domestic event in their bid to qualify for the Tokyo Olympics as the Athletics Federation of India (AFI) on Wednesday announced that it will host the Indian Grand Prix 4 on June 21 in Patiala.

The decision to hold the fourth series of the Indian GP was taken after the AFI's efforts to send a 40-member team, including Hima and Dutee, for competitions in Kyrgyzstan and Kazakhstan could not achieve success due to "changed quarantine rules" in those countries. "AFI took this decision to provide additional competition to Indian athletes as the 40-member team will not be participating in the T Kolpakova International Competition in Bishkek (Kyrgyzstan) and the Qosanov Memorial in Almaty (Kazakhstan) later this month in view of the changed quarantine rules in those countries," the AFI said.

Hence, the correct answer is option C. ([Read more](#))

**Who:** European Space Agency's EnVision mission

**What:** is going to be launched to Venus

**When:** published on 12<sup>th</sup> June 2021

Following NASA's footsteps, the European Space Agency (ESA) on Thursday announced that it has selected EnVision as its next orbiter that will visit Venus sometime in the 2030s. Last week, NASA selected two missions to the planet Venus, Earth's nearest neighbour. The missions called DAVINCI+ and VERITAS have been selected based on their potential for scientific value and the feasibility of their development plans. NASA is expected to allot \$500 million to each of these missions that will launch between 2028-2030.

EnVision is an ESA led mission with contributions from NASA. It is likely to be launched sometime in the 2030s. The earliest launch opportunity for EnVision is 2031, followed by 2032 and 2033. Once launched on an Ariane 6 rocket, the spacecraft will take about 15 months to reach Venus and will take 16 more months to achieve orbit circularisation.

The spacecraft will carry a range of instruments to study the planet's atmosphere and surface, monitor trace gases in the atmosphere and analyse its surface composition. A radar provided by NASA will help to image and map the surface.

**Who:** Flipkart

**What:** to Conduct Drone Delivery Pilot for Vaccine, Medical Supplies in Telangana

**When:** published on 12<sup>th</sup> June 2021

E-commerce major Flipkart on Friday said it has partnered with Telangana government to lead a consortium tasked with the development and execution of the drone deliveries of medical supplies to remote areas under the 'Medicines from the Sky' project. As part of the consortium, Walmart-owned Flipkart will deploy drones and enable deliveries of vaccines and medical supplies. These efforts will be complemented with technologies such as geo mapping, routing of shipments and track and trace of location etc, developed by Flipkart over the years in serving millions of customers across the country, a statement said. A combination of these technologies will then be used to conduct 'Beyond Visual Line of Sight' (BVLOS) deliveries in remote areas of the state where the road infrastructure is not conducive for fast delivery of vaccines, it added.

The pilot, which is expected to be conducted for over six days, will be tested out for delivering thousands of vaccines while keeping in mind all the safety and efficiency parameters, the statement said. "The COVID-19 crisis has pushed the envelope in the rapid development of scalable and robust technologies and the Medicines from the Sky project is a testament to that. It is a decisive step in making use of cutting-edge technologies for the safety and wellbeing of the masses," Flipkart Senior Vice-President and Chief Corporate Affairs Officer Rajneesh Kumar said. He added that Flipkart is proud to partner with the Telangana government in leading the consortium by utilising its nuanced understanding of supply chain and technologies governing automated movement of shipments in fulfilling the dire needs of citizens across the state. The 'Medicines from the Sky' is a project conceived by the World Economic Forum and Healthnet Global Limited that outlines the requirements for drone delivery and how to assess proposals.
