**Who:** CGA

**What:** Reported Centre's Fiscal Deficit for FY21 at 9.3%

**When:** published on 1<sup>st</sup> June 2021

The fiscal deficit stood at 9.3 per cent of the Gross Domestic Product (GDP) in the last fiscal, better than 9.5 per cent projected in the revised estimates in the Union Budget in February. Economic activities were severely hit in the last financial year due to the coronavirus pandemic as well as subsequent lockdowns and restrictions to curb the spread of infections.

Releasing the revenue-expenditure data of the Union government for 2020-21, the Controller General of Accounts (CGA) on Monday said the revenue deficit at the end of the last fiscal was 7.42 per cent. In absolute terms, the fiscal deficit works out to be Rs 18,21,461 crore (provisional). As per the CGA data for fiscal 2020-21, the tax revenue collection was 105.9 per cent of the Revised Estimates (RE) presented in the budget.

**2. Hints to Remember**

**Who:** International Sex Workers Day 2021

**What:** was observed on Jun 2, 2021

A day dedicated to fighting exploitation and stigma faced by sex workers around the world, International Sex Workers Day is observed on June 2 every year. Amid the prolonged pandemic situation, sex workers are increasingly becoming more vulnerable and facing alienation. Getting basic health facilities have also become a big problem for them. On International Sex Workers Day, activists and groups supporting sex workers address myths, misconceptions and discrimination that marginalize the community who are a big chunk of the urban poor. Although sex work is not a crime in India, many sex workers face threats and harassment, making them vulnerable to increased violence.

According to the World Health Organization (WHO), globally, women sex workers are estimated to be 30 times more likely to be living with HIV than other women of reproductive age. Female sex workers also face an increased burden of blood-borne infections.

### 3. Hints to Remember

**Who:** Amish Raj Mulmi

**What:** Authored A Book Titled All Roads Lead North: Nepal's Turn To China

**When:** published on 30<sup>th</sup> May 2021

'By a deft combination of long-range historical perspective and scrupulous reportage, Mulmi turns the searchlight on Nepal's ties with Tibet and China. His tightly crafted narrative and argument revises much of the received wisdom on the recent trajectory of Nepal's foreign relations. This book should be required reading for everyone in New Delhi dealing with Nepal and for anyone interested in understanding China's growing footprint in the subcontinent.'

'In All Roads Lead North, Amish Mulmi examines the rich history of Nepal's global engagement through its northern border, marked as it is by trade, cultural exchange, political manoeuvring, and occasional conflict, even war. Whether he be writing about Kathmandu's Lhasa traders or the ordinary inhabitants of the remote Himalayan borderlands, Mulmi fuses meticulous on-the-ground reportage with his vast knowledge of history. As such, he corrects the common understanding of Nepal as a satellite of India, and places the nation in its proper geopolitical context. This book introduces readers to Nepal anew.'

Hence, the correct answer is option A.

**Who:** SBI

**What:** cuts India's FY22 GDP Growth Estimate to 7.9% with W-Shaped recovery; Moody's Estimated GDP growth at 9.3% in FY21

**When:** published on 1<sup>st</sup> June 2021

Economists at SBI have cut their forecast for India's gross domestic product (GDP) growth in financial year 2021-22 to 7.9 per cent from 10.4 per cent earlier due to the second wave of COVID-19 pandemic.

"Our analysis shows a disproportionately larger impact on economy this time and given that rural is not as resilient as urban, the pick up in pent-up demand is unlikely to make a large difference in FY22 GDP estimates, and hence it could only be a modest pick up," the research wing of SBI said in its 'Ecowrap' report.

It said GDP outlook in FY22 will be impacted by the trajectory of international commodity prices which have risen sharply during the year. Further, the pass-through impact of higher commodity prices will be visible in domestic prices, thus impacting consumption during the year.
