Hints to Remember

Who: SAIL

What: launched smart garbage bins for smart waste management

When: published on 18th March 2019

Steel Authority of India Ltd (SAIL) has launched smart garbage bins made of stainless steel. These smart garbage bins will be able to send a signal to the garbage collection vehicle about the 'fill-up' position of the bin, aiding better cleaning and lower human intervention.

The environment-friendly garbage bins will be made of SAIL SALEM stainless steel. These will be installed in underground Reinforced Cement Concrete (RCC) pits at the Smart Garbage Station. This will help prevent the spread of stink and diseases.

SAIL will supply stainless steel garbage bins to Smart Garbage Stations at Bhikaji Cama Place in Delhi, which is being developed by the South Delhi Municipal Corporation. Another Smart Garbage Station being developed in North Delhi by the North Delhi Municipal Corporation (NDMC) at Kamala Nagar will also get stainless steel from SAIL.

Who: India's first forest-certification scheme

What: gets global recognition

When: published on 22nd March 2019

India now has a globally recognised forest-certification scheme developed specifically for Indian forests. Recently, a Geneva-based non-profit decided to endorse the Certification Standard for Sustainable Forest Management (SFM) developed by Network for Certification and Conservation of Forests (NCCF), an Indian non-profit.

On March 4, 2019, the council of Programme for Endorsement of Forest Certification (PEFC), the international non-profit that provides independent

third-party certification for sustainable forest management, took this decision through a postal ballot.

The NCCF was set up in 2015 by representatives of forest-based industries, non-profits, forest auditors and government forest departments with an aim to set standards for certifying India's forests, their products and their sustainable management.

Forest certification, a global movement initiated in 1990s after Rio Earth Summit, is a market-based non-regulatory conservation tool designed to promote sustainable management of forests and trees outside forests by an independent third party.

Hints to Remember

Who: Delhi's Indira Gandhi International Airport

What: is 12th busiest in the world

When: published on 23rd March 2019

The nation capital's Indira Gandhi International Airport (IGIA) has now become the world's 12th busiest airport, moving up four places from the 16th spot in 2017. According to the preliminary world airport traffic rankings for 2018 released by the Airports Council International (ACI) , it over took mega-hubs like Frankfurt, Dallas Forth Worth, Guangzhou and Istanbul Ataturk airports. The four airports above the IGI Airport are

Amsterdam Schiphol, Paris-Charles de Gaulle, Shanghai Pudong and Hong Kong, managing over 46 lakh passengers more than IGIA.

"India became the world's third-largest aviation market in terms of passenger throughput, behind the US and China, in 2018. India's move towards a more liberalised aviation market and the nation's strengthening economic fundamentals have helped it become one of the fastest-growing markets with its traffic growing rapidly in a relatively short time," read a statement by ACI.
