Who: World Water Day for 2019

What: was observed on 22nd March with the theme of “Leaving no one behind”

When: published on 22nd March 2019

World Water Day for 2019 was observed across the world on 22nd March 2019.

The theme for World Water Day 2019 is ‘Leaving no one behind,’ which is the central promise of the 2030 Agenda for Sustainable Development: as sustainable development progresses, everyone must benefit.

Sustainable Development Goal 6 (SDG 6) aims to ensure availability and sustainable management of water for all by 2030. By definition, this means leaving no one behind

Today, billions of people are still living without safe water, which means 'safely managed drinking water service': water that is accessible on the premises, available when needed, and free from contamination. Their households, schools, workplaces, farms and factories struggling to survive and thrive.

Marginalized groups – women, children, refugees, indigenous peoples, disabled people and many others – are often overlooked, and sometimes face discrimination, as they try to access and manage the safe water they need.
