## Explanations :

1. The sentence is regarding the security features that should be followed so that you don't fall prey to attacks by the fraudsters in your mobile phones as such attacks will lead to siphoning off funds from your accounts with banks. Only D is there that can come after the first part since it expands the base of securities that should be taken in our devices. It should be the first fragment after the first part of the sentence.

### Connectors:

#### *D and C:*

D: and mobile phones; **do not tamper with**

C: **security settings** of your mobile phones,

#### *C and B:*

C: **security settings of your mobile phones,**

B: **and** update anti-virus protection regularly

#### *B and A:*

B: and **update anti-virus protection regularly**

A: **to prevent** malware attacks

The sequence of the fragments will be: **DCBA**

### **The complete sentence would be:**

Use only genuine software on your computers and mobile phones; do not tamper with security settings of your mobile phones, and update anti-virus protection regularly to prevent malware attacks.

This makes Option B the correct choice among the given options.

2. The sentence is correct in the present form and that is why no rearrangement is required here for this sentence.

This makes Option E the correct choice among the given options.

3. The sentence is regarding the integration of two types of technology that will make sure that various Augmented Reality dependent cases and VR cases can also be taken care of. This has its usage in various other industries as well making it a very important step to make certain things happen. Only Fragment C is there that will come after the first part to imply that various technologies will be supported once the two are integrated.

**Connectors:**

***C and B:***

C: bandwidth-hungry applications like **Augmented Reality**

B: **and** Virtual Reality, as well as

***B and A:***

B: and Virtual Reality, **as well as**

A: **mission-critical applications** such as

***A and D:***

A: mission-critical applications **such as**

D: **healthcare, industrial automation, connected cars**

The correct sequence of fragments will be: **CBAD**

**The complete sentence would be:**

Integration of the two technologies could help serve bandwidth-hungry applications like Augmented Reality and Virtual Reality, as well as mission-critical applications such as healthcare, industrial automation, connected cars.

This makes Option C the correct choice among the given options.

4. The sentence is correct in the present form and that is why no rearrangement is required here to be carried out.

This makes Option E the correct choice among the given options.

5. The sentence is regarding the issues that are facing various consumer related industries such as automobiles and consumer durables in the country. Only Statement B will be able to come after the first part of the sentence.

**Connectors:**

***B and A:***

B: with several industries **in the consumer**

A: **domain** like automobiles and

***A and D:***

A: domain like automobiles **and**

D: consumer durable goods witnessing **drop in production**

***D and C:***

D: consumer durable goods **witnessing drop in production,**

C: **fresh investment is ruled out**

The correct sequence of the fragments will be: **BADC**

**The complete sentence would be:**

Capacity utilisation rates are still low with several industries in the consumer domain like automobiles and consumer durable goods witnessing drop in production, fresh investment is ruled out.

This makes Option B the correct choice among the given options.
