Correct answers:

1	2	3	4	5	6	7	8	9	10
C	C	E	C	A	B	A	D	B	C

Explanations:

1.

C

Out of all the statements, only B fits in as the first statement after the given fragment.

Connectors:

B and C:

B. is an inevitable part of economic development but an

C. audit of natural assets will incentivize us to figure out

C and D:

C. audit of natural assets will incentivize us to figure out

D. the least-polluting ways of economic development, and help

D and A:

D. the least-polluting ways of economic development, and help

A. agents internalize the costs where destruction is inevitable

The correct sequence is B-C-D-A.

Hence, option C is correct.

2.

The first statement after the given fragment has to explain where the violence is taking place (due to use of the word 'in' in the fragment). The only statement that fits is C.

Connectors:

C and D:

C. the Kashmir Valley, that has affected civilians,

D. military forces and separatists, fundamentally

D and A:

D. military forces and separatists, fundamentally

A. stems from a failure of the mainstream

A and B:

A. stems from a failure of the mainstream

B. political parties to implement their core vision

The correct sequence is C-D-A-B.
Hence, option C is correct.

All the fragments are already arranged in a proper manner and need no rearrangement.

Hence, option E is correct.

3.

Here, the first fragment after the given statement can be either A or C. If we keep A as the first statement, C does not fit in anywhere. Thus, C is the best fit.

Connectors:

C and A:

- C. the share of small borrowers in the
- A. total credit during the 2004-14 period

A and D:

- A. total credit during the 2004-14 period
- D. can be explained by the dramatic rise

D and B:

- D. can be explained by the dramatic rise
- B. in corporate credit of large borrowers

The correct sequence is C-A-D-B.
Hence, option C is correct.

4.

Here, the first fragment after the given statement can be either A or D but if we keep A, D does not find a place meaningfully.

Connectors:

D and A:

- D. among major emerging economies
- A. in trying to weather the current run

A and B:

- A. in trying to weather the current run
- B. on currencies due to the rallying

B and C:

- B. on currencies due to the rallying
- C. U.S. dollar and rising interest rates

The correct sequence is D-A-B-C.

Hence, option A is correct.

5.

Here, the first fragment after the given statement is A clearly as no other fragment fits in.

Connectors:

A and D:

- A. arguably, the most important target on the
- D. agenda of India and other member countries

D and C:

- D. agenda of India and other member countries
- C. because of its inextricable connection with

C and B:

- C. because of its inextricable connection with
- B. other indicators of socio-economic development

The correct sequence is A-D-C-B.

Hence, option B is correct.

6.

Here, the first fragment after the given statement is D clearly.

Connectors:

D and A:

- D. still live in poverty and improving their lives is of
- A. paramount importance but it is increasingly becoming clear

A and C:

- A. paramount importance but it is increasingly becoming clear
- C. that a focus on growth in GDP to the exclusion of all

C and B:

- C. that a focus on growth in GDP to the exclusion of all
- B. else can sacrifice the interests of future generations

The correct sequence is D-A-C-B.

Hence, option A is correct.

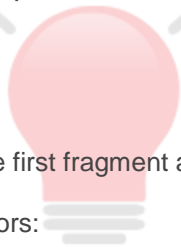

7.

Here, the first fragment after the given statement is D clearly.

Connectors:

D and A:

- D. still live in poverty and improving their lives is of

A. paramount importance but it is increasingly becoming clear

A and C:

A. paramount importance but it is increasingly becoming clear

C. that a focus on growth in GDP to the exclusion of all

C and B:

C. that a focus on growth in GDP to the exclusion of all

B. else can sacrifice the interests of future generations

The correct sequence is D-A-C-B.

Hence, option A is correct.

8.

Here, the first fragment after the given statement is C clearly. No other fragment fits in.

Connectors:

C and A:

C. he proposes *an aggregate capital rule* which requires that

A. the aggregate level of natural capital should not decrease

A and B:

A. the aggregate level of natural capital should not decrease

B. and any renewable natural capital that is destroyed should be

B and D:

B. and any renewable natural capital that is destroyed should be

D. compensated for with improvements in other renewable capital

The correct sequence is C-A-B-D.

Hence, option D is correct.

9.

Here, the first fragment after the given statement is C.

Connectors:

C and A:

C. proposes to replace electric-powered irrigation pumps

A. with solar pumps, which will reduce the fiscal subsidy

A and D:

with solar pumps, which will reduce the fiscal subsidy

D. for power, but calls for a solar pump subsidy, and
