Rearrangement of Sentences Questions for SBI PO Pre Exams

Set No 45

Directions: Rearrange the following six sentences (A), (B), (C), (D), (E) and (F) in a proper sequence to form a meaningful paragraph. Then answer the questions given below.

- A. This is where it was found that gravity around a massive body bends light coming from a source behind.
- B. The gamma-ray burst, known as GRB 950830, was detected in 1995 when the light reached Earth.
- C. Analysis of light from a gamma-ray burst has also revealed the existence of a previously undetected black hole.
- D. GRBs are the most energetic form of electromagnetic events in the universe, with short bursts of gamma rays being ejected at the speed of light.
- E. The black hole is of intermediate mass, an elusive category of black holes that, until a few years ago, many scientists believed didn't exist.
- F. A team of Australian researchers from different institutions used the technique of gravitational lensing to identify the intermediate-mass black hole (IMBH) that lensed the gamma-ray burst.

1. Which of the following should be the SIXTH statement after rearrangement?

- A. A B. C C. E D. D E. F

2. Which of the following should be the FIFTH statement after rearrangement?

- A. A B. C C. E D. D E. B

3. Which of the following should be the **THIRD** statement after rearrangement?

A. F B. C C. A D. D E. E

4. Which of the following should be the **SECOND** statement after rearrangement?

A. A B. E C. F D. D E. B

5. Which of the following should be the **FIRST** statement after rearrangement?

A. F B. A C. E D. D E. B

Explanation:

1. The correct order is BDFACE.

B is the best fit to be the opening statement as it introduces the history of 'gamma ray burst'. D should follow B as it elaborates the 'GRB'.

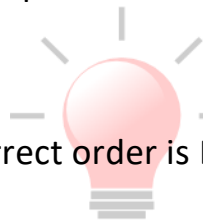

F should be placed next as the third statement since it starts stating 'research'. F should be followed by A as it mentions the result of the research.

Now, C should be placed at the fifth position since it mentions 'analysis of light' which is the result of research. Lastly, E should follow C as it explains 'black hole' stated in C.

E is the sixth sentence after rearrangement.

Hence, option C is the correct answer.

2. The correct order is BDFACE.

B is the best fit to be the opening statement as it introduces the history of 'gamma ray burst'. D should follow B as it elaborates the 'GRB'.

F should be placed next as the third statement since it starts stating 'research'. F should be followed by A as it mentions the result of the research.

Now, C should be placed at the fifth position since it mentions 'analysis of light' which is the result of research. Lastly, E should follow C as it explains 'black hole' stated in C.

C is the fifth sentence after rearrangement.

Hence, option B is the correct answer.

3. The correct order is BDFACE.

B is the best fit to be the opening statement as it introduces the history of 'gamma ray burst'. D should follow B as it elaborates the 'GRB'.

F should be placed next as the third statement since it starts stating 'research'. F should be followed by A as it mentions the result of the research.

Now, C should be placed at the fifth position since it mentions 'analysis of light' which is the result of research. Lastly, E should follow C as it explains 'black hole' stated in C.

F is the third sentence after rearrangement.

Hence, option A is the correct answer.

4. The correct order is BDFACE.

B is the best fit to be the opening statement as it introduces the history of 'gamma ray burst'. D should follow B as it elaborates the 'GRB'.

F should be placed next as the third statement since it starts stating 'research'. F should be followed by A as it mentions the result of the research.

Now, C should be placed at the fifth position since it mentions 'analysis of light' which is the result of research. Lastly, E should follow C as it explains 'black hole' stated in C.

D is the second sentence after rearrangement.

Hence, option D is the correct answer.

5. The correct order is BDFACE.

B is the best fit to be the opening statement as it introduces the history of 'gamma ray burst'. D should follow B as it elaborates the 'GRB'.

F should be placed next as the third statement since it starts stating 'research'. F should be followed by A as it mentions the result of the research.

Now, C should be placed at the fifth position since it mentions 'analysis of light' which is the result of research. Lastly, E should follow C as it explains 'black hole' stated in C.

B is the first sentence after rearrangement.

Hence, option E is the correct answer.
