PUZZLE TEST QUIZ NO. 84

Directions: Study the following information carefully and answer the questions given beside:

Seven friends Annu, Bina, Chiku, Eena, Firoz, Heena and Ishu go for shopping from Monday to Sunday in a week. They either go to the shop named "X" or to the shop named "Y". No two persons whose names start with the letters that appear consecutively in alphabetical order go for shopping on consecutive days. E.g. Firoz and Heena can go to shopping on consecutive days, but Eena and Firoz cannot go to shopping on consecutive days. "X" is first shop to be visited. Person who bought Mobile visited "X". Heena bought Laptop which is not sold by "X". "Y" sold Camera on Friday. There is only one person between Eena and Ishu and that person visits "X". Eena and Ishu do not visit "X", nor do they bought Camera. Television is bought by Firoz and is sold immediately after Camera but not by same shop. Printer is not sold by "Y" and is sold before Mobile. Chiku visits "Y" immediately after Ishu. Projector is sold before Keyboard and Annu goes to shopping before Eena.

1. Four of the following five are alike in some way and hence form a group. Which of the following is the one that does not belong to the group?

- A. Projector B. Keyboard C. Mobile
D. Camera E. Laptop

2. Which of the following items is bought by Bina?

- A. Projector B. Mobile C. Keyboard
D. Printer E. None of these

3. Who goes for shopping on Saturday?

- A. Heena B. Bina C. Annu
D. Firoz E. None of these

4. On which day Annu goes for shopping?

- A. Sunday B. Wednesday C. Monday
D. Friday E. Tuesday

5. Find the odd one out.

- A. Bina - X - Mobile
B. Chiku - X - Camera
C. Heena - Y - Laptop
D. Firoz - X - Television
E. Annu - X - Printer

Smartkeeda
The Question Bank

Correct answers:

1	2	3	4	5
C	B	D	C	B

Common Explanation:

Reference:

No two persons whose names start with the letters that appear consecutively in alphabetical order go for shopping on consecutive days. E.g. Firoz and Heena can go to shopping on consecutive days, but Eena and Firoz cannot go to shopping on consecutive days.

Inference:

We will keep this information in mind while solving the puzzle.

Reference:

"X" is first shop to be visited.

"Y" sold Camera on Friday.

Television is bought by Firoz and is sold immediately after Camera but not by same shop.

Inference:

Using the given hints we can draw a following table.

Day	Person	Shop	Item
Monday		X	
Tuesday			
Wednesday			
Thursday			
Friday		Y	Camera
Saturday	Firoz	X	Television
Sunday			

Reference:

There is only one person between Eena and Ishu and that person visits "X".
Eena and Ishu do not visit "X", nor do they bought Camera.
Chiku visits "Y" immediately after Ishu.

Inference:

After using the above hints the above table can be redrawn as:

Day	Person	Shop	Item
Monday		X	
Tuesday	Eena	Y	
Wednesday		X	
Thursday	Ishu	Y	
Friday	Chiku	Y	Camera
Saturday	Firoz	X	Television
Sunday			

Reference:

Heena bought Laptop which is not sold by "X".
Person who bought Mobile visited "X".
Printer is not sold by "Y" and is sold before Mobile.

Inference:

At this point we can use the above information easily in our table.

Day	Person	Shop	Item
Monday		X	Printer
Tuesday	Eena	Y	
Wednesday		X	Mobile
Thursday	Ishu	Y	
Friday	Chiku	Y	Camera
Saturday	Firoz	X	Television
Sunday	Heena	Y	Laptop

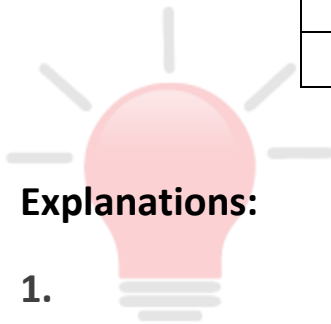

Reference:

Projector is sold before Keyboard and Annu goes to shopping before Eena.

Inference:

After using the given hints we can complete the puzzle set.

Day	Person	Shop	Item
Monday	Annu	X	Printer
Tuesday	Eena	Y	Projector
Wednesday	Bina	X	Mobile
Thursday	Ishu	Y	Keyboard
Friday	Chiku	Y	Camera
Saturday	Firoz	X	Television
Sunday	Heena	Y	Laptop

Explanations:

1.

Following the final solution we can say that Mobile is the one that does not belong to the group because except Mobile all the other items were sold by shop “Y”.

Hence, the correct answer is option C.

2.

Following the final solution we can say that Mobile is bought by Bina.

Hence, the correct answer is option B.

3.

Following the final solution we can say that Firoz goes for shopping on Saturday.

Hence, the correct answer is option D.

4.

Following the final solution we can say that Annu goes for shopping on Monday.

Hence, the correct answer is option C.

5.

Following the final solution we can say that the sequence Chiku - X - Camera does not match with others.

Hence, the correct answer is option B.
