Seating Arrangement Questions for IBPS RRB SCLAE-I Pre Exams.

Set No 174

Direction: Read the given information and answer the questions given beside carefully.

Eight people named from A to H sit along a straight row and are facing north direction.

Less than two people sit to the left of H. G sits in the middle of H and F but is not an immediate neighbour of either of the two. C sits second to the right of B, who is an immediate neighbour of H. D sits immediately between F and A. E is neither an immediate neighbour of G nor of A.

1. Who sits to the immediate right of A?

- A. D B. B C. C D. G E. None of these

2. How many people sit(s) to the left of G?

- A. None B. 2 C. 3 D. 5 E. 4

3. Who sits to the immediate right of C?

- A. B B. D C. F D. E E. G

4. How many people sit(s) between B and D?

- A. None B. 1 C. 2 D. 3 E. 4

5. What will come in place of the blank?

If E is related to B, H is related to G in a particular manner, _____ is related to A in the same manner?

- A. H B. G C. F D. D E. A

Common Explanation:

Reference:

Eight people named from A to H sit along a straight row and are facing north direction.

Inference:

We make following table.

--	--	--	--	--	--	--	--

Reference:

Less than two people sit to the left of H.

Inference:

We get two cases depending on if only one person sits to the left of H or no one sit to the left of H.

Case-1		H						
---------------	--	---	--	--	--	--	--	--

Case-2	H							
---------------	---	--	--	--	--	--	--	--

Reference:

G sits in the middle of H and F but is not an immediate neighbour of either of the two.

Inference:

There could be one person between G and H (or F) or two persons.

We get one more case for each of the cases above.

Case-1		H		G		F		
---------------	--	---	--	---	--	---	--	--

Case-1 (a)		H			G			F
-------------------	--	---	--	--	---	--	--	---

Case-2	H		G		F			
---------------	---	--	---	--	---	--	--	--

Case-2 (a)	H			G			F	
-------------------	---	--	--	---	--	--	---	--

Reference:

D sits immediately between F and A.

Inference:

We get following updates.

Case-1		H		G		F	D	A
---------------	--	---	--	---	--	---	---	---

Case-1 (a)		H			G	A	D	F
-------------------	--	---	--	--	---	---	---	---

Case-2	H		G		F	D	A	
---------------	---	--	---	--	---	---	---	--

Case-2 (a)	H			G	A	D	F	
-------------------	---	--	--	---	---	---	---	--

Reference:

E is neither an immediate neighbour of G nor of A.

C sits second to the right of B, who is an immediate neighbour of H.

Inference:

We cannot put C as second to the right of B in case-2 (a), thus it gets eliminated.

In case-2, we can put but the E will become an immediate neighbour of A.

In case-1 (a), we can put but then E will become an immediate neighbour of G.

In case-1, we must put B immediately right to H and then E will come at an extreme end.

We get the following final arrangement:

Case-1	E	H	B	G	C	F	D	A
---------------	---	---	---	---	---	---	---	---

For video solution :

<https://bit.ly/2YNajfW>

Answers :

1. From final arrangement we see that no one sits to the right of A.

Hence, option E is correct.

2. Only three people sit to the left of G.

Hence, option C is correct.

3. From final arrangement we see that F sits to the immediate right of C.

Hence, option C is correct.

4. We see from final arrangement that 3 people sit between them.

Hence, option D is correct.

5. Clearly, E is 2nd the left of B and H is 2nd to the left of G. Similarly, F is 2nd to the left of A.

Hence, option C is correct.
