**Explanation:**

1. In the above sentences, it is clear that though he was a bad singer, he sang a song. This is a contrast in his actions than his qualities, hence, 'still' can be used here.

Out of the other options, 'and' , 'unless' and 'for' do not show contrast.

**Correct Sentence:**

He is very bad at singing still he sang a song for his mother at the party.

Thus, option B is the correct answer.

2. The above sentence shows a contrast. The author considers beach fun but he likes mountains better.

Out of the given options, only 'yet' does justice to the sentence and all other connectors can be eliminated.

**Correct Sentence:**

The beach is a lot of fun, yet the mountains are better.

Thus, option D is the correct answer.

3. The sentences clearly states that one was done by Monica while the other was done by Frank. Thus, it might be said that the two did the work simultaneously, and 'while' can thus be used because it refers to the moment something is/was happening.

**Correct Sentence:**

Monica brought the drinks while Frank brought the main dish.

Thus, option A is the correct answer.

4. The above sentences show cause and effect relationship between them. Out of the give options, only 'as' is used to show reasons for something.

While, whereas and but show a contrast between ideas.

**Correct Sentence:**

He is going to the cabin as he intends to stay there all weekend.

Thus, option D is the correct answer.

5. The above sentences states that Jay Z 'and' his fans are victims of MK Ultra Mind Control programming. Thus, 'and' is used to connect the sentences.

Still and whereas show contrasting ideas and until is used with respect to time or happenings of events.

**Correct Sentence:**

Jay Z is a victim of MK Ultra Mind Control programming and all his fans are victims too.

Thus, option is C the correct answer.

6. The above sentences hint that even though 5G is to arrive in India, the iPhone users might not be able to make optimal use of it. Thus, there is a sense of 'in spite of something'. In such cases, although is used.

Among other options, 'while' refers to the moment something is/was happening, 'as well as' is used when two things are talked about together and 'neither' is used when none of two things/ situations are appropriate.

**Correct Sentence:**

Although 5G is yet to reach India, the iPhone 12 users might not be able to make the full use of it.

Thus, option A is the correct answer.

7. The above sentences represent a fear and the reason for that fear along with the timeline. It states he has been afraid of driving and his car crashed last year.

Out of the given options, 'so' and 'however' are easily eliminated because the car crash happened in past and he is afraid even today. 'When' is also eliminated because then to the sentence to be consistent, it must have been 'had been afraid'. So, clearly 'since' is the right connector.

**Correct Sentence:**

He has been afraid of driving since the car crash last year.

Thus, option B is the correct answer.

8. The above sentences show a chain of events and they can be joined using 'then'.

Be careful between 'then' and 'than'. 'Than' is used to show comparison. Unless and although do not indicate a timeline of events, thus, can be eliminated.

**Correct Sentence:**

The Secretary has several meetings till afternoon **then** she will head back to her country.

Thus, option A is the correct answer.

9. The above sentences are used to show actions of the same person, and they are in line with each other. 'And' will be suitable to connect the sentences.

All other options cannot be used to connect the sentences.

**Correct Sentence:**

I am here to see the dolphins and leopards.

Thus, option C is the correct answer.

**10.** In the above sentences there is a kind of comparison between India and USA, thus while will be used to connect the sentences.

'So' and 'because' give reasons for something and 'unless' is used to show some constraint.

**Correct Sentence:**

India is an agriculture based economy while America is service based economy.

Thus, option A is the correct answer.
